

MINISTRY OF FOREIGN AFFAIRS  
REPUBLIC OF KOREA

OTH - 741

The Ministry of Foreign Affairs presents its compliments to the Embassy of Japan and has the honour to refer to the former's Note No. 398 dated April 19, 1972, requesting special assistance from the Government of Japan for the establishment of the National Cancer Center in Seoul, Korea.

In further reference to the initial request for a contribution of \$3,585,881.00 to be earmarked for introduction of the needed medical equipment, the Ministry wishes to obtain additional assistance of the Japanese Government in financing the local recurring expenditures of approximately 2.2 million dollars in the hope that the establishment of the proposed Center will be entirely supported by the Japanese Government as a symbol of medical cooperation between the two countries.

The Ministry would appreciate it if the Embassy could be kind enough to transmit the attached application to the competent authorities of the Japanese Government for favourable consideration.

The Ministry of Foreign Affairs avails itself of this opportunity to renew to the Embassy of Japan the assurances of its highest consideration.
