

KOREAN MISSION TO JAPAN  
TOKYO, JAPAN

KMG-48

Contract No. PAC-KOS-710585-PIII  
Verification No. 71VK-353

With reference to the captioned contract, it is provided that an end-user's staff will be trained at Chiba Livestock Experiment Station, Ministry of Agriculture, Government of Japan for six(6) months in the methods and techniques for operation of the Equipment for Respiration and Metabolism Experiments, which Ogawa Seiki Co., Ltd. of Japan will supply under the contract.

With the assurance of both, the supplier and the end-user, the Experiment Station is recommended as the best qualified organization for the proposed training program. A candidate, Mr. Kim Young Kil, as per the attached, is duly selected by the end-user, and ready to depart for training.

Considering the qualification of the selected candidate and the suitability of the recommended training organization, we request a proper training program will be arranged with the Experiment Station through your Ministry at your earliest convenience.

Your continuous cooperation in the matter will be highly appreciated.
